You're a Librarian and we know how busy you are.
A Librarian's duties are always pulling you in every direction, leaving you little time to deal with all the hassle involved in organising the repair and binding needs.

When the need for a bookbinder arises you want it done effectively, efficiently and with the least hassle possible, and that's what we do!

How does this sound?

This is the process enjoyed by some of our current customers who include The British Library, The London Library and The Advocates Library and you could too.

Step 1: Contact us

Step 2: You box up the books ready for binding to be picked up

Step 3: We do the rest

Here's what happens next:

On receipt of your order confirmation we will agree with you a pick-up date and time.

Once collected, our dedicated team of bookbinders will start to process your order, highlighting anything that needs attention. From our records, we can match the books to previously bound volumes to ensure lovely looking bookshelves!

Once bound or repaired the beautifully bound books will be delivered back to you to last for years to come.
